

TUK-7580VM 7.5-HP 80-Gallon Two-Stage Air Compressor

Specifications

Motor

H.P.	7.5
Voltage	230V AC
Amp. Draw	40
Phase	Single
R.P.M.	1740
Frame / Shaft	213 / 1-3/8"
Magnetic Starter	Yes

Pump

Type	Two Stage
Max. PSI	175
Material	Cast Iron
C.F.M. @ 175 PSI	23
R.P.M.	890
Oil System	Splash
Oil Sight Glass	Yes

Tank

Size (GAL.)	80
Orientation	Vertical
Code	ASME / CRN

Extra Feature

1. Two stage cast iron W-type long stroke pump design provides performance and durability
2. Pre-wired and mounted magnetic starter
3. Reserved 3/4" NPT high flow port for further piping extension
